## Portfolio objective/investment policy

The ALUWANI Top 25 Fund is a specialist large cap equity portfolio that seeks to provide investors with high long-term capital growth. The portfolio's investment universe consists, apart from assets in liquid form, of equity securities listed on the FTSE/JSE Securities Exchange. The portfolio may also invest in participatory interests and other forms of participation in portfolios of collective investment schemes, registered in South Africa. The portfolio will invest in up to 25 equity securities and such equity securities will not include companies outside of the top 50 companies by market capitalisation on the FTSE/JSE Securities Exchange. The portfolio's equity exposure will always exceed 80% of the portfolio's net asset value. The portfolio may from time to time invest in financial instruments in order to achieve the portfolio's investment objective. The manager may also include unlisted forward currency, interest rate and exchange rate swap transactions. Nothing shall preclude the manager from varying the ratios of securities or assets in liquid form in changing economic environment or market conditions, or to meet the requirements in terms of legislation and from retaining cash or placing cash on deposit in terms of the Deed and Supplemental Deed. The Trustee shall ensure that the investment policy is carried out. For the purpose of this portfolio, the manager shall reserve the right to close the portfolio to new investors. This will be done in order to be able to manage the portfolio in accordance with its mandate. The manager may open that portfolio again to new investors.

### Portfolio limits and constraints

- Maximum exposure limits as per the ASISA fund classification structure.
- Manager restriction:
  - No foreign securities will be included in the portfolio.

## Disclosures

Momentum Collective Investments (RF) (Pty) Ltd (the "Manager"), registration number 1987/004287/07, is authorised in terms of the Collective Investment Schemes Control Act, No 45 of 2002 (CISCA) to administer Collective Investment Schemes (CIS) in Securities. The Manager is the manager of the Momentum Collective Investments Scheme, and MMI Holdings Ltd is a full member of the Association for Savings and Investment SA. Standard Bank of South Africa Limited, registration number 1962/000738/06, is the trustee of the scheme.

ALUWANI Top 25 Fund is a portfolio of the Momentum Collective Investments Scheme and ALUWANI Capital Partners (Pty) Ltd, registration number: 2015/112266/07, an authorised financial services provider ("FSP") under the Financial Advisory and Intermediary Services Act No. 37 of 2002 ("FAIS"), FSP number: 46196, is the investment manager of this portfolio.

ALUWANI Top 25 Fund is an incubator portfolio, operating under an agreement entered into between the Manager and ALUWANI Capital Partners (Pty) Ltd, registration number: 2015/112266/07, an authorised FSP under FAIS, FSP number: 46196. An incubator portfolio is a third party named portfolio bearing the name of the FSP who intends to apply to the Registrar to be approved as a manager within three years from approval of the portfolio, where the FSP undertakes financial services of a discretionary nature, as contemplated in FAIS, in relation to the assets of the portfolio. The Manager retains full legal responsibility for all third party named portfolios under the Momentum Collective Investments Scheme. This information is not advice, as defined in the Financial Advisory and Intermediary Services Act (No. 37 of 2002). Please note that there may be representatives of the FSP acting under supervision. Your financial adviser may be a related party to the FSP and/or the Manager of this portfolio. It is your financial adviser's responsibility to disclose details of any conflicts of interests that may apply, as well as all fees that they receive, in relation to an investment in this portfolio.

The Total Expense Ratio (TER) is the percentage of the net asset value of the class of the Financial Product incurred as expenses relating to the administration of the Financial Product. A higher TER does not necessarily imply a poor return, nor does a low TER imply a good return. A current TER may not necessarily be an accurate indication of future TER's. The disclosed TER is shown as an annual percentage based on data for the period from 15 January 2016 to 30 September 2018. The Transaction Costs Ratio (TC) is the percentage of the net asset value of the Financial Product incurred as costs relating to the buying and selling of the assets underlying the Financial Product. Transaction costs are a necessary cost in administering the Financial Product and impacts Financial Product returns. The TC should not be considered in isolation as returns may be impacted by many other factors over time including market returns, the type of Financial Product, the investment decisions of the investment manager and the TER. The disclosed TC is shown as an annual percentage based on data for the period from 15 January 2016 to 30 September 2018. The Total Investment Charges (TIC) is the sum of the TER and the TC and is shown as a percentage depicting the annual costs relating to the investment of the Financial Product. Cost ratios are calculated using historical actual and/or estimated data and are provided solely as an indication/guide as to the annual expenses/costs that could be incurred. These ratios do not represent any current/actual charges or fees.

All portfolio performance is calculated for a portfolio/portfolio class. Individual investor returns may differ as a result of fees, actual date(s) of investment, date(s) of reinvestment of income and withholding tax. Annualised returns, also known as Compound Annualised Growth Rates (CAGR), are calculated from cumulative returns; they provide an indication of the average annual return achieved from an investment that was held for the stated time period. Actual annual figures are available from the Manager on request. All portfolio performance figures quoted (tables and charts where present) are as at 31/01/2019, based on a lump sum investment, using NAV-NAV prices with income distributions reinvested on the ex-dividend date. CPI/Inflation figures, where present, are lagged by one month. Cash figures, where present, are STeFI Composite Index returns. All figures quoted in ZAR. Source: Morningstar and/or Momentum.

CIS are generally medium to long-term investments. The value of participatory interests may go down as well as up and past performance is not necessarily a guide to the future. CIS are traded at ruling prices and can engage in borrowing and scrip lending. The CIS may borrow up to 10% of the market value of the portfolio to bridge insufficient liquidity. Different classes of units apply to portfolios, which are subject to different fees and charges. Please note that VAT, applicable to fees and charges, with effect from 1 April 2018, increased from 14% to 15%. A schedule of fees and charges and maximum commissions is available on request from the Manager. The Manager reserves the right to close and reopen certain portfolios to new investors from time to time in order to manage them more efficiently in accordance with their mandate. Portfolios are valued daily at approx. 15h00, latest prices can be viewed at [www.momentuminv.co.za](http://www.momentuminv.co.za) and in some national newspapers. Forward pricing is used. Instructions must reach the Manager before 14h00 to ensure same-day value. The Manager does not provide any guarantee, either with respect to the capital or the return of this portfolio. Additional information on the proposed investment including, but not limited to, brochures, application forms and the annual report and any half yearly report can be obtained, free of charge, at [www.momentuminv.co.za](http://www.momentuminv.co.za) or on request from the Manager.
